

Expectations for a Training on Gender and Transgender

- Networking
- Communicating comfortably with people who identify as transgender
- Discrimination in the culture of health care
- Language that media uses
- Breaking through the barriers – jargon etc. Not knowing how to address the transgender community
- Educating others
- Etiquette/ polite
- Violence against the transgender community
- Binary resistance
- Cultural understanding appropriate responses
- Avoiding assumptions and respecting boundaries
- Gender spectrum
- Not searching for answers but understanding
